New Public Sewer Sewer Lateral Repair

Size of Pipe: _____ Type of Pipe: _____

Type of Joints in Pipe: _____ Type of Saddle (if applicable): _____

Part 5 – Notes and Acknowledgments

Permits are issued contingent upon all work being performed in compliance with the specifications mandated by the New Hanover Township Sewer Authority. A copy of the specifications shall be attached to this permit application. All work must be inspected by the Authority's representative and the Township building code official prior to concealment. Inspections must be scheduled at least 48 hours in advance.

By submitting this application, applicant agrees to allow exterior site access for inspection of permitted work until final inspection passes, if applicable. If signed by someone other than the property owner, this work has been authorized by the owner on record and said person has been authorized by the owner to complete this application on their behalf. A signed service contract may be submitted in lieu of property owner signature here.
